**\* 17. Approve Payment Requests to Two Vendors**

Approved the following two payments:

1. \$5,700.17 to Compucom for the annual renewal fee of McAfee Active Virus Defense software to protect the City's computer network, and
2. \$8,355.00 to Yellowfish Promotions for the purchase of 2,500 miniature recycling carts with turning wheels and opening lids. Yellowfish, a manufacturers rep. of specialty items, conducts product and pricing research of national and international manufacturers. Similar manufacturers were located overseas and do not meet the two requirements of recycled content and blue cart with gray lid. Staff requested that the merchandise be purchased as a sole source procurement, sanctioned in Section I-2-5.03-4 of the Municipal Code.

**PUBLIC HEARING**

**1. Weed Abatement Hearing and Adoption of Resolution Directing Abatement Program**

Fire Marshal Patricia Joki spoke to the City Council about the annual Weed Abatement program in the City. She explained the legal requirement for the advertised Public Hearing, and described the assessment list of properties in the agenda packet.

Councilmember Polanski asked about Vista Ridge Drive properties. Fire Marshal Joki noted that since these were near the hillside, more growth likely contributed to the weeds problem.

Staff noted that a representative of the Santa Clara County Agricultural Commissioner was present to answer any questions.

Mayor Esteves opened the Public Hearing to receive testimony; none heard.

### **City Council**

#### **2. Consideration of a City Council "Roadmap for Services Improvements" from the Finance Subcommittee**

Vice Mayor Gomez discussed his memo, which presented more than a dozen ideas for improvements to City services. He briefly reviewed the recommendations for implementation over the next two months, four months, and six months. The recommendations relate especially to streamlining businesses coming to Milpitas.

The “Roadmap” proposals specifically included: Process Handouts, Updated Checklists, Hours at City Hall, Tenant Improvement Program, e-mail notification of applications, refund fees when deadlines missed, Customer Service Standards, Work Programs and Staffing levels, staff training and education, Develop a Community Outreach Policy, simplify zoning and other permit processes, updated permitting system including online, wireless service city-wide, and measuring our success.

Planning Director Tom Williams, gave a presentation regarding the Tenant Improvement Process, detailing methods and steps taken to further assist customers who come in to the City for planning and building services. The steps were designed toward becoming more business friendly to stay competitive in Santa Clara Valley. Mr. Williams included a suggestion for a Development Review Committee in planning.

Chief Building Official Keyvan Irranejad addressed some of the suggestions. For example, he identified the expanded building counter hours at City Hall from 8:30 AM to 4:00 PM as a significant increase for customer service. He mentioned outreach to the public, and also some of the services available to the public and to contractors.

Mayor Esteves asked questions about the consistent information given out by the City’s Building Inspectors.

Councilmember Polanski asked if there had been some coordination with Economic Development Commission? Mr. Williams indicated there had been, and he was working closely with Economic Development Director Diana Whitecar.

Councilmember Livengood stated the document was helpful, as it brought issues forward. The recommendations suggested to the City Council were ambitious and comprehensive. What he heard from customers was relative to a concern about building inspectors seeing things that other inspectors had not seen the first time around. He agreed that City departments talking to one another was important to coordinate and resolve any discrepancies or “black holes” and that timeliness was important.

Vice Mayor Gomez stated he wanted to take this memo out of the domain of the Finance Subcommittee. Issues should go to the Planning Commission, for appropriate action.

Mayor Esteves commented that the idea of wireless internet service in the City had been addressed before this meeting, and in particular, he wanted to give credit to the City’s Economic Development Commission for some of the concepts presented at this meeting. Also, he expressed an interest in having any City surveys conducted turned in to an independent body.

**MOTION:** Move approval of the written recommendations identified in the Finance Subcommittee memo authored by Vice Mayor Gomez, the “Roadmap for Service Improvements”

Motion/Second: Vice Mayor Gomez/Councilmember Livengood

Motion carried by a vote of :  
AYES: 4  
NOES: 0  
ABSENT: 1 (Giordano)

### **3. Approval of Actions Related to “Tour of California” Bicycle Race**

Councilmember Livengood spoke about a significant bicycling race event coming through the community in 2006. On February 21, the cyclists would be in Milpitas (though the overall route would not be significant in this city) within city limits. It was to be broadcast on ESPN2 television channel also.

Vice Mayor Gomez mentioned he met with AEG Cycling along with City of San Jose staff regarding the event. Most crucial, he felt, was to notify residents about the bike

racers who would be coming through the City. It was also an opportunity for community promotion. The race was possibly going to roll through Milpitas in the afternoon, approximately 2:00 – 3:00 PM possible.

**MOTION:** Direct city staff to contact AEG for specific information, to ensure that the Tour would be a safe event and that it would be enjoyable for all in Milpitas. Direct staff to learn the details about how long roads would be closed, that trash containers would be distributed, that there would be no burden on neighborhoods, and to make it a fun activity recreation-wise. Direct staff to inquire of other California cities that had cyclists through their cities last year and what they did surrounding the Tour.

Motion/Second: Vice Mayor Gomez/Councilmember Polanski

Motion carried by a vote of :  
AYES: 4  
NOES: 0  
ABSENT: 1 (Giordano)

## NEW BUSINESS

Items adopted on the Consent Calendar.

## ORDINANCES

### **8. Waive First Reading Beyond the Title and Introduce Ordinance 239.5 Amending Title XI Chapter 16 Sections 16-10, 16-11, and 16-14 of the Milpitas Municipal Code - Stormwater And Urban Runoff Pollution Control**

Principal Engineer Darryl Wong introduced the Urban Runoff ordinance, strengthening of it for enforcement purposes. The City complied currently with the permit as issued by the Regional Water Quality Control Board, regarding stormwater pollution discharge throughout the City. Best Management Practices were required, including those for contractors within the City.

Three specific recommendations were made, in order to ensure compliance with the urban runoff pollution control laws:

1. Require that if a contractor should fail to install proper controls, the City may issue a “non-compliance” order and require immediate corrective action,
2. If a spill occurs, and if a contractor was not able to respond properly, then the City may contract with a third party to immediately perform corrective action to minimize damage to creeks (reimbursable to City)
3. City could advise a contractor that if there was a history of non-compliance (3 orders or more), that the City may issue a suspension order on the construction project. Then, the City would hire a licensed civil engineer specifically for urban runoff Best Management Practices implementation.

(1) **MOTION:** Waive the first reading of Ordinance No. 239.5, beyond the title

Mr. Wong read the title “An Ordinance of the City of Milpitas Amending Sections 16.10, 16.11 and 16.14 of Chapter 16, Title IX of the Milpitas Municipal Code, Relating to Stormwater and Urban Runoff Pollution Control.”
